HOW IT WORKS...

For great logo design, call us today!

It takes about **10 hours** to produce a minimum of **3** original and unique concepts for you to choose from. And within 72 hours after we have received your private customer profile and your **\$150.00** non-refundable deposit fee paid by credit card or check, the **72 HOUR LOGO DESIGNS** will be on exhibit at your own private web page for your approval. At this time you will make your final feedback to us for any alterations on the one you have chosen.

Once the final alterations are made to the approved logo design and final payment of **\$150.00** is received, you will receive via email the necessary files to use in your printed materials, signage, website or wherever you wish to promote yourself. A logo you will be proud of for only **\$300.00***

If for any reason, you are not happy with selecting one of the initial **3** designs, we can either continue the design process with another round of designs with more expense (**another \$150**) or stop all together.

Visit our other website **www.graysondesign.com** for other graphic design services you might need now and in the future.

If you are paying with a credit card PLEASE PRINT THE CREDIT CARD SIGNATURE FORM, fill it out and fax it to 817-465-1833 or send it overnight.

*Texas residents must include 6.25% sales tax
